About Us

Who We Are

Building with Experience. Delivering with Trust.

Established in 2007, **Chandana Construction** has grown from a small-scale subcontracting operation into an established construction company in Sri Lanka, built on experience, dedication, quality workmanship, and long-standing client relationships.

Our journey began in 2007, when we gained valuable hands-on experience in the construction industry through subcontracting work, primarily in painting and tiling. During 2007–2008, we strengthened our technical capabilities, developed practical construction expertise, and laid the foundation for the company's future growth.

In 2009, Chandana Construction was officially registered in Sri Lanka as a sole proprietorship, marking a significant milestone in our journey towards becoming an independent construction service provider.

COMPANY OVERVIEW

Our Journey & Milestones

2009

A Foundation of Excellence

Following our official registration, we undertook several important residential projects that helped establish our reputation in the construction industry. Among our early landmark projects was the construction of the residence of renowned Sri Lankan cricket legend **Mr. Muttiah Muralitharan**. We subsequently undertook the construction of residences for his younger brothers, **Mr. Shashidaran and Mr. Sri**, in Thalawathugoda.

2010

Expanding Our Reputation

In 2010, our company undertook a residential construction project in the Nugegoda area associated with the residence of the renowned Sri Lankan actor **Mr. Vijaya Kumaratunga**, further contributing to our early development and industry experience.

2015

Continuing Our Growth

In 2015, Chandana Construction completed a residential project for former minister **Mr. Vasitha Pinnawala** in the Meepe area, demonstrating our continued commitment to delivering quality residential construction.

2017

Building Long-Term Trust

In 2017, we undertook the construction of a residence for former minister **Mr. Dinesh Gankanda** in the Madivela area, further strengthening our portfolio of residential projects.

2023

Delivering with Professional Expertise

In 2023, we completed a residential construction project for Chartered Engineer **Mr. Chamikara Morses** in the Kalalgoda area, reflecting our continued dedication to professional standards, quality construction, and client satisfaction.

Vision & Mission

Who We Are

Our Vision	Our Mission
“Building for Generations.”	“To deliver high-quality, reliable, and cost-effective construction while ensuring client satisfaction, professional excellence, and lasting value for generations.”

Our Aim

“To drive innovation in construction through advanced technologies, new products, and efficient building methods, delivering high-quality and affordable solutions for everyone.”

Our Core Values

What Drives Us

Quality Policy

We are committed to the following

1. Continual improvement of the QMS.
2. Conservation of resources.
3. Measure the achievement of the continual improvement by setting up & monitoring objectives & targets for QMS performance indicators.

Health & Safety Policy

We are committed to the following

1. To comply with and satisfy all applicable legal & regulatory requirements in Sri Lanka in the area of operation.
2. To eliminate hazards & reduce OH&S risks
3. To consultation with and participation of workers, and where they exist, workers' representatives in the decision-making processes.

Environmental Policy

We are committed to the following

1. To prevent environmental pollution.
2. Minimize the environmental impact, for the life cycle (including disposal) of all plant, equipment, and other physical assets under our control.
3. To comply with and satisfy all applicable legal & regulatory requirements in Sri Lanka in the area of operation.
